

# Soda Bottle Science: 25 Hands-on Activities for Physical, Earth, and Life Sciences

A thermometer, a water-cycle model, a wave machine, a greenhouse these are just a few things students can make out of a simple soda bottle. This book features learning-rich, hands-on activities that teach about the weather, motion, changes in matter, ecosystems, and more. A fun and easy way to meet the National Science Education Standards! For use with Grades 4-8.
