

Telekinesis (Psychic Awakening) (Volume 2)

The only book you'll ever need to develop the ability of Telekinesis! Telekinesis, also known as psychokinesis, is the ability to move or influence the properties of objects without physical contact. Typically it is ascribed as a power of the mind. But as Embrosewyn explains, based upon his sixty years of personal experience, the actual physical force that moves and influences objects emanates from a person's auric field. It initiates with a mental thought, but the secret to the power is in your aura! Telekinesis is the second book in the Psychic Awakening series by popular paranormal writer Embrosewyn Tazkuvel. The series was specifically created to offer short, inexpensive, information-filled handbooks to help you quickly learn and develop specific psychic and paranormal abilities. Clearly written, Telekinesis is filled with step-by-step practice exercises and training techniques proven to help you unlock this formidable paranormal ability. Spiced with riveting accounts of real-life psychic experiences and paranormal adventures, you'll be entertained while you learn. But along the way you will begin to unleash the potent power of Telekinesis in your own life! As Embrosewyn has proven from over twenty years helping thousands of students to find and develop their psychic and paranormal abilities, EVERYONE, has one or more supernatural gifts. Is Telekinesis one of yours? Perhaps it's time to find out. Want to know more? Scroll to the upper left of the page and read some of the book with the Look Inside feature.
