

## The Meaning Of Life in a Nutshell: What God Wants You To Know

This book presents modern day and future spiritual teachings, in unison with traditional Bible lessons. This information is for all religions, races, atheists, ages, scientists, doctors, politicians, psychics, presidents, all military personnel, other authors, the Vatican, inmates, and all countries around the world-rich, poor, and in between! This information has been downloaded to my brain from God, the Angels, and my Spirit Guides. They want me to tell the world that everyone on the planet may be more worldly spiritual, together as one. They wish you to know the true meaning of God, our creator, his army of angels, and other spiritual beings in our galaxy and the universe! No religion is better than another religion. There is one God, the creator for all of us on this planet. Your religion may visualize God, and what you think God looks like, but God is both male and female, and is an energy essence form of intelligence that can manifest to look like any creation. This is their message to mankind. You must read this book over and over again until you actually get it. The majority of people will not understand it at first. You must eat and drink natural foods so the cells in your body will heal your DNA and, in turn, your universal spirituality will ignite through your pituitary gland, the master gland. You will see things that you have never seen before! Peace and love to all.
