

# Vital Signs 1997: The Environmental Trends That Are Shaping Our Future (Vital Signs: The Environmental Trends That Are Shaping Our Future)

This annual volume from Brown and the Worldwatch Institute concisely presents the good news, the bad news, and some surprises about the health of our planet and civilization. Worldwatch's award-winning researchers have culled information from around the globe to come up with key indicators that best track change in the environmental, economic, and social health of the world. Graphs & tables.
